

Evacuated Tube Collectors

Main Features:

- Manufactured by SCHOTT in Germany.
- High performance evacuated concentrating solar collector.
- 360 degree absorber for maximum benefit throughout the day.
- Highly selective coated ALUXID which is automatically applied by the means of a magnetron sputtering process.
- SCHOTT ICR (Internal Circular Reflector) increases the energy capture area.
- High level of vacuum is guaranteed by using special barium Getter.
- Light weight, durable and aesthetically pleasing using borosilicate glass.
- Pre-packaged in panels of 16 tubes for ease of installation.
- EN12975 approved.
