

Flat Plate Collectors

Main Features:

- Manufactured to highest specification in Austria for Solar Source Ltd.
- Universal collector for all types of installation: on-roof or free standing using an A frame.
- A new, patented mounting system ensures fast and smooth installation.
- The weatherproof aluminium case offers excellent stability and minimum weight.
- High efficiency through an ecologically friendly high-selective vacuum coating.
- Optimum light transmission through a hail-resistant, solar safety glass with anti-reflection coating.
- A soldered or ultrasonically welded full-surface copper absorber with a streamlined design provides optimum heat transmission.
- 50mm high temperature mineral wool insulation.
- EN12975 approved.
- A choice of aluminum framed or aluminum tray formats with 2m² or 2.5m² surface area.
